Experience

Frontend Developer Intern

XIRCLS

July 2024 – Sept 2024

- Developed a **task manager** feature that integrated with the backend for assignment data processing.
- Implemented **pagination** for dynamic tables fetching data from the backend.
- Created a **review analytics** page with customizable review cards (color, font size, border radius, etc).
- Mapped data into a **Superleadz dashboard**, adding dynamic dropdowns for currency/number selection.
- Integrated **WhatsApp live chat** with infinite scroll and a private chat section for confidential conversations.

Projects

Exoape-Clone (React App) [Live](#)

- Developed a **portfolio website** using React JS, GSAP, Tailwind CSS, and Framer Motion to implement smooth animations and scroll effects.

Movixer (React App) [Live](#)

- Created a **movie browsing app** using Tailwind CSS, Redux, React Player, and the TMDB API to showcase trailers and detailed information on movies, TV shows, and celebrities.

OBYS Agency Clone [Live](#)

- Built a **portfolio website** using GSAP, Locomotive JS, and Sherry JS for smooth animations and DOM manipulation.

Shopify [GitHub: shopify](#)

- Developed a **full-featured web application** using React JS, Tailwind CSS, and Context API with local storage, API integration, and CRUD functionalities, delivering a user-friendly UI and seamless user experience.

Skills

- **Languages & Tools:** HTML5, CSS3, JavaScript, Git, GitHub
- **CSS Frameworks:** Tailwind CSS, Bootstrap
- **JavaScript Libraries:** React JS, Three JS, GSAP, Next JS, Redux

Education

- **B.Sc. in Information Technology**
Kirti M. Doongursee College | 2020–2023 | CGPA: 9.3

Certification

- **Frontend Domination** - Sheryians Coding School

Summary

Detail-oriented **Frontend Developer** experienced in building responsive and user-friendly web applications. Proficient in **React JS**, modern web technologies, and animation libraries. Strong knowledge of **CSS frameworks**, JavaScript libraries, and integration with APIs. Passionate about learning new technologies and contributing to collaborative teams to create seamless user experiences
